

2017 Acura NSX Pop-Out Door Handle Feature

By switching the auto pop-out main switch to OFF, you can disable the auto pop-out function. For the purpose of safety and to prevent damaging the vehicle, disable this function and manually operate the handle, especially when the vehicle is being shipped by train, truck, or boat.

To temporarily deactivate the auto pop-out function:

- Location to turn off the auto pop-out main switch is in the glove box.
